

Hadsund, November 2008

Dear Sir & Madam

We are pleased to inform you that all raw materials contained in our WOCA Worktop Oil are

Certified by the FDA

The certification by the American Food and Drug Administration (FDA) means that a product is approved for the use in connection with food products. This implies that the WOCA Worktop Oil may also be used for chopping boards.

We will shortly include this information in our sales sheets and brochures.

Best regards

Woodcare Denmark A/S
